

WPS Training for Handlers — 2018 Updated Standards

★ OFFERED IN SPANISH AND ENGLISH ★

The Washington Growers League is offering **Worker Protection Standard Handler Training** that meets the new EPA regulations. This training uses the required training curriculum for the new Worker Protection Standard regulations that came into effect in January 2018.

This handler training is now required annually, and all handlers must receive the training before they start handling activities. The five-day grace period is no longer in effect.

★ WSDA-approved cards will be issued to attendees ★
